

Bullying

By Sian 3W

Bullying is definitely wrong. The talk with Mrs. Booker helped me a bit more with bullying.

One thing I have learnt about bullying is that you shouldn't keep it to yourself. You should tell somebody what's going on. Some people you could tell: your school, friends or most likely your family.

Another thing I have learnt is that you should stay as far away from the people who bully you. Don't be predictable. Go to different places everyday so they don't know where you are all the time. If you go to the same place every day they will know where they can bully you.

Before we talked about bullying, I used to keep it a secret that I got bullied. But from now on I will tell somebody what's going on.

Here are some things you can do if people are bullying you:

- .Ignoring them, but sometimes if they keep on doing it you must tell someone.
- .Just walking away, go hang out with some of your other friends
- .Telling them to stop
- . And lastly if it's getting really bad, telling the teacher.
